Hi this is Jane Challinor. I have created a second profile so I can see the wiki form a student's perspective.

Creating a profile page is just like editing any other page. You can format the text, add pictures, etc. Click save when you are done. You can view your finished profile by clicking on your name in the top right box, to take you to your “Dashboard”

Hi this is Jane Challinor (again!)

I have created a second profile so I can see the wiki from a student's perspective.

This photo is one I took last summer in the field near my house.
